

# Road Closure Notice

*For Immediate Release: August 2, 2019*

## **Wilmington Dayton Road to Close for Water Main Replacement**

Greene County Sanitary Engineering Department has hired Stevenson Utilities and Construction LLC. to replace water main valves that serves customers on Middle Run Rd, Haines Rd. Wilmington Dayton Rd., Social Rd. and Elm Tree Rd. This construction will involve removing the existing water valves and replacing with new valves in the same location at Middle Run and Wilmington Dayton.

We expect construction to begin August 13, 2019 at 8 AM and water to be shut off by 8:30 AM. Restoration is expected to be completed by August 14, 2019, weather permitting.

Wilmington Dayton Road will be closed between Social Row Road and Middle Run Road. Middle Run Road will not be accessible from Wilmington Dayton during this time.

The detour will be Centerville Road (Greene County) to Spring Valley Pike and Clio Road (Montgomery County) to Social Row Road (Greene County).

The Greene County Sanitary Engineering Department has issued a BOIL ADVISORY for your area during this time. The water in your area will be turned off briefly in order for Greene County Sanitary Engineering Department to make necessary repairs to your water system. The Ohio EPA recommends we issue a boil water advisory whenever there is a loss of pressure in the system. While there is little chance of contaminations, the boil advisory is issued as a precautionary measure. We recommend you boil any water for use in drinking or cooking for ONE minute before use. There is no harm in bathing or washing clothes in the water. This boil advisory will remain in effect until samples indicate the water is not contaminated. Generally, a boil water advisory will be lifted within 48 hours. We will notify you when this boil advisory is lifted.

The Greene County Sanitary Engineering Department is in the beginning phases of a multi-year capital reinvestment program. Replacing aging infrastructure like these water valves will help us meet one of our goals of ensuring the delivery of high quality drinking water to our customers.

Should you have any questions, please contact the office at (937) 562-7450.

# Road Closure: Wilmington Dayton Rd at Middle Run Rd

Wilmington Dayton Rd will be closed at the intersection with Middle Run Rd for approximately 1 day beginning August 13, 2019 to replace a water main line. Local traffic only between Ferry Rd and Social Row Rd with no access at Middle Run Rd. All closures scheduled are subject to weather conditions.
