Course Overview

This course expands upon the material covered in [ICS 100](#) through [ICS 300](#). ICS 400 focuses on large single-agency and complex multi-agency/multi-jurisdictional incident response. The course addresses area command and staff issues, as well as the planning, logistical and fiscal considerations associated with complex incident management and interagency coordination. [ICS 100](#), [ICS 200](#), and [ICS 300](#) are pre-requisites to the ICS-400 course.

Course Objectives

Describe how the NIMS Command and Management component supports the management of expanding incidents. Describe the incident/event management process for large-scale organization development; roles and relationships of the primary staff; the planning, operational, logistical and fiscal considerations related to large and complex incident/event management. Implement the application of Area Command and the importance of interagency coordination on complex incidents/events.
