

Welcome!

Owen's Place is dedicated to increasing recreational opportunities for individuals with disabilities in the Miami Valley. We are in the first phase of the recreational project and are experiencing generous support and enthusiasm from the community.

Our project will bring children and adults a universally accessible area for an educational experience along with the fun of play. The Miami Valley has a rich heritage of invention and Owen's Place will promote this by celebrating and featuring amazing inventions originating from our area—providing inspiration and a voice to all individual's dreams.

We want to invite everyone who comes to Owen's Place to dream big and to understand, especially children, that you can be different and face your challenges to reach your full potential and invent something that can possibly change the world.

We hope you'll join us on this amazing adventure!

Owen's Place is a collaborative effort between the Beaver Creek Township Park District (owner of Victory Park), Beaver Creek Township (owner of Rotary Park), and Beaver Creek Parks, Recreation and Culture, combined with numerous members of the community. It has also been endorsed by Federal, State, County and local municipalities. Donations have been received from service organizations such as the Beaver Creek Rotary Club Foundation, Greenebucs, commercial

enterprises, physicians' groups, fundraisers and private contributions. If you would like to donate please visit the website: www.owensplace.org, or contact:
