

March 5, 2019

Dear Contractor:

The Greene County Department of Development will be applying for Community Housing Impact and Preservation Grant through the Ohio Development Services Agency this spring.

The Community Housing Impact and Preservation (CHIP) Program provides grants to eligible communities interested in undertaking housing-related activities, including necessary infrastructure improvements. The grants are awarded competitively and encourage a flexible, community-wide approach to improving and providing affordable housing for low-and-moderate income persons, and strengthening neighborhoods through community collaboration.

That collaboration is where you and your company come into play. This funding requires us to generate a pool of approved contractors for the homeowners to pick from when soliciting their homes for rehabilitation.

I would like to invite you to an information meeting about this program, the benefits for your company, and how together we can assist homeowners with making their homes a better place while increasing the value and sustainability of the communities housing stock.

Please join us on April 11, 2019, at 9:30 am at the Department of Development, 61 Greene St., Xenia, OH 45385. An RSVP with the number of attendees would be greatly appreciated to Vicki Sheets at vsheets@co.greene.oh.us or 937-562-5007 by April 8, 2019.

I look forward to sharing our program with you and seeing you soon.

Sincerely,

Kristie L. Tidd
Manager
Greene County Department of Development
